NEWS FROM GUTHRIE

ANTI-TRUST BILL PASSED BY SENATE.

MEASURE CARRIES DEFINITION IN SHERMAN ACT

Addition Reads "Every Agreement or Act Which is Against Public Policy."

Guthrie, March 26.—The senate passed finally three important measures today: An anti-trust bill, a bill for mandatory primaries for all political parties and the medical practice bill by Senator Williams.

The anti-trust bill carries the trust definition found in the Sherman anti-trust act, to which was added that monopolies were "every agreement or act which is against public policy." The revised definition is based upon the decision of Justice Brewer in the northern securities case where a distinction was drawn between reasonable and unreasonable combinations. As the bill makes it unlawful to combine with the intent or effect to limit or fix the price or lessen the production or sale of any product or article of commerce, some of the farmer members of the senate were fearful that the Farmers' union would be put out of business. The union, they said, sometimes sought to have products held for an advantageous market. It was explained that so long as they were not against public policy, they were in no danger of violating the act, and that it would be an extraordinary situation where farmer and labor unions, incapable of monopolizing a commodity, could form a trust.

Any person violating the act or advising violations may be punished by a fine from \$50 to \$10,000 and by imprisonment from ten days to ten years.

On final passage the bill received a vote of 41 ayes, 0 noes.

The mandatory primary election bill was passed after an amendment was adopted providing that newspapers accepting political advertising shall be required to place at the top of such article the name of the person, corporation or firm ordering the advertising and the price paid for it. Violation of this is a misdemeanor. The amendments by Senator Stafford that the maximum allowances for candidates to spend in elections should not include newspaper advertising was defeated.

Final passage was obtained upon the medical practice bill.

The bill provides a tax upon peddlers of \$50 per county, per year, and requires all physicians practicing in Oklahoma to have a diploma from a reputable school of medicine.

The house killed the fish bill and game bill upon which it had worked for three days by a vote of 46 to 44. It passed finally the bill appropriating \$12,500 to pay for printing the general election supplies of last year.

May Restore Fort Reno.

El Reno, Ok., March 26.—The latest unofficial news regarding the location of the capital of the State of Oklahoma on the Fort Reno reservation is that the War Department does not look with favor on the proposition. A citizen of El Reno has recently received a letter from the authorities at Washington to that effect, and although the letter does not say in so many words, it infers that the War Department's objection to selling four sections of the reservation is that it is the intention at no distant date to re-establish a post at Fort Reno larger than any that has ever been stationed at this fort.

ROOSEVELT TACKLED BY BEAL OF TEXAS.

Power Usurpation, Enforced by Wielding Big Stick is Charged.

Washington, March 26.—Charging that the President had flagrantly usurped the powers given him by the Constitution, and had repeatedly attempted to influence the judiciary, Mr. Beal of Texas, in the house today severely arraigned the chief executive. He credited the President with having appointed three judges of the Supreme Court of the United States and a majority of the United States Circuit and District Judges. "Drawing their source of authority from him," he declared, "and holding their commissions from him, he stands in a position to wield a powerful influence upon them, though they are the representatives of a distinct department of the government. The President," he charged, "was not content with the exercise of the same power exercised by Washington, Jefferson, Jackson, Lincoln, Grant and McKinley, but in his overpowering ambition, reaches out with eager hand and exercises powers not dreamed of by them.

"Where does he get his authority?" Mr. Beal demanded to know. "How does he justify his action?"

The President, he said, made two defenses. One was that was an inherent power belonging to all sovereignties apart from any power conferred by the Constitution; the other was that through judicial interpretation there must be vested in a Federal government a power to do things it had not possessed before.

The President was denounced for insisting on a jail sentence for Robert N. Harper, a druggist of this city, convicted of violating the pure food and drugs act, while the sentence was still ending.

As regards the case of Judge Wilfley, he said the President had insulted the legislative branch of the government by writing a letter to the judiciary committee while the case was still under discussion, declaring Judge Wilfley innocent of the charges against him. "That letter," he explained, "was simply the holding of the big stick over that committee and the membership of the house."

Choice of Ledbetter Endorsed.

Guthrie, Ok., March 26.—Members of the Oklahoma Anti-Saloon League are elated over the election of "Bud" Ledbetter as chief of police at Muskogee. Ledbetter was on the Democratic ticket and one of the two who got through. Prior to Statehood he was deputy United States marshal in the Muskogee district and gained quite a reputation as a "booze buster." The League members are of the opinion the prohibition law will be rigidly enforced there.

Bailey Leaves St. Louis.

St. Louis, Mo., March 26.—United States Senator Joseph Bailey of Texas, passed through St. Louis today on his way to Texas to be present at the convention in Fort Worth Saturday when candidates friendly to Bailey will be nominated as delegates at large to the National pose in a primary election those nominated on an anti-Bailey platform at Waco recently. Bailey said that he was busy to discuss politics. He left tonight on the Missouri, Kansas and Texas railroad.

The News a Union Shop.

A good fellowship meeting of the Ada News printing force, both of the mechanical and editorial departments, occurred last night in the News office rooms. There was had a general talk concerning the mutual welfare of both employer and employees. It was gratifying to note the expressions of pleasure from the boys who turn out the work that the News earning capacity was rapidly increasing and that the Ada News printery was regularly receiving printing patronage from various counties over the State.

The News printers, under the recommendation of the editor, voted to reorganize the typographical union in Ada, which was compelled to give up its charter some time ago on account of being unable to sustain the required membership.

OTIS B. WEAVER, Editor and Owner.

Entered as second-class mail matter March 26 1904 at the postoffice at Ada, Oklahoma, under the act of Congress March 3, 1879.

Notice Voters.

You get full information as to where you vote, and who is to conduct the election, in the proclamation which appears in this paper. Read it and give Ada a lift tomorrow by voting that she become a city of the First Class.

BY 550 MAJORITY.

About 615 voters on the 17th inst. agreed to support those candidates whose names appear under the rooster, and since there are not more than 50 Socialist voters in the city, the rooster ticket should receive a clean majority of 550. Do not fail to vote.

Easy to Vote.

You can vote tomorrow in just five seconds. Just stamp each ticket one time. Let it be understood that there will be two ballots. On one you vote for the officers, on another you vote on whether or not Ada is to be a city of the first-class. Stamp in the circle under the rooster and you have voted it straight. Stamp in the square opposite the word "Yes" and you vote for Ada becoming a city of the first-class.

Enemies of Progress.

It has been rumored that there is being organized an effort to defeat the proposition of Ada being voted a city of the first-class at the polls tomorrow. This can only be accomplished by the thrifty, industrious town boosters staying away from the polls. It would be a reproach to our people should there fail to appear a strong sentiment in favor of a first-class city on tomorrow. Vote early before you get busy. Tell your neighbor to vote too.

Strangers Within our Gates.

Every immigrant is in need of the friendly word of assurance, if nothing more. But the tragedies which are daily enacted there give the warm opportunity to be an angel of mercy. These pictures for a master's brush. Take that big-eyed, sweet-faced Swedish mother, whom I saw standing at the entrance to the woman's apartment. Her children clung about her dress, but her husband was not near. Perhaps he had been sent to the detention pen for deportation; perhaps he had failed to arrive. Whatever the reason, terror filled her eyes, and her gentle face was drawn in agony, as she leaned upon the little Baptist woman who spoke her own tongue, and was to her God's own angel. In that busy spot there was one with leisure and skill to befriend the friendless.

Services such as these fill the days of the Ellis Island missionaries. They speak most of the tongues in this modern Babel. Often they have opportunity for nothing but the giving of a greeting, a tract or a Bible, in the speech of the fatherland. Frequently, though, they can introduce the stranger to the friendly offices of some minister or church worker at the destination to which she is bound. The aim is not only to show kindness to the immigrant and to give him a Christian welcome but also, as far as possible, to keep the shaping, guiding hand of religion, and, if possible, his own church, upon him in the new home which he is entering. —New York Sun.

Towns Seek Institutions.
Guthrie, Ok., March 26.—At the meeting of the house and senate committees on public buildings held last night, representatives from Tahlequah, Wilburton, Hartshorne, Duncan, Vinita and Wetumka appeared and applied for a State Normal school to be located in their towns. Vinita and Wetumka were willing to take other institutions if they could not get Normals. All of the places except Tahlequah offered the State building sites. Tahlequah has a building erected by the Cherokee Nation at a cost of \$80,000, which it proposes to sell to the State for \$50,000. The next meeting will be tomorrow night.

Money for Choctaws.
McAlester, Ok., March 26.—This was the last day of the government payment to the Choctaw Indians. Nearly \$100,000 was disbursed in three days. The largest single payment was \$6,000 to John Mitchell, an Indian.

Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. Weak Kidneys

Weak Kidneys surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.
If your back aches or is weak, if the urine is cloudy, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month. Tablets or Liquid—and see what it can and will do for you. Druggist recommended and sell.

NEWS FROM GUTHRIE

ANTI-TRUST BILL PASSED BY SENATE.

MEASURE CARRIES DEFINITION IN SHERMAN ACT

Addition Reads "Every Agreement or Act Which is Against Public Policy."

Guthrie, March 26.—The senate passed finally three important measures today: An anti-trust bill, a bill for mandatory primaries for all political parties and the medical practice bill by Senator Williams.

The anti-trust bill carries the trust definition found in the Sherman anti-trust act, to which was added that monopolies were "every agreement or act which is against public policy." The revised definition is based upon the decision of Justice Brewer in the Northern Securities case where a distinction was drawn between reasonable and unreasonable combinations. As the bill makes it unlawful to combine with the intent or effect to limit or fix the price or lessen the production or sale of any product or article of commerce, some of the farmer members of the senate were fearful that the Farmers' union would be put out of business. The union, they said, sometimes sought to have products held for an advantageous market. It was explained that so long as they were not against public policy, they were in no danger of violating the act, and that it would be an extraordinary situation where farmer and labor unions, incapable of monopolizing a commodity, could form a trust.

Any person violating the act or advising violations may be punished by a fine from \$50 to \$10,000 and by imprisonment from ten days to ten years.

On final passage the bill received a vote of 41 ayes, 0 noes. The mandatory primary election bill was passed after an amendment was adopted providing that newspapers accepting political advertising shall be required to place at the top of such article the name of the person, corporation or firm ordering the advertising and the price paid for it. Violation of this is a misdemeanor. The amendments by Senator Stafford that the maximum allowances for candidates to spend in elections should not include newspaper advertising was defeated.

Final passage was obtained upon the medical practice bill. The bill provides a tax upon peddlers of \$50 per county, per year, and requires all physicians practicing in Oklahoma to have a diploma from a reputable school of medicine.

The house killed the fish bill and game bill upon which it had worked for three days by a vote of 46 to 44. It passed finally the bill appropriating \$12,500 to pay for printing the general election supplies of last year.

May Restore Fort Reno.

El Reno, Ok., March 26.—The latest unofficial news regarding the location of the capital of the State of Oklahoma on the Fort Reno reservation is that the War Department does not look with favor on the proposition. A citizen of El Reno has recently received a letter from the authorities at Washington to that effect, and although the letter does not say in so many words, it infers that the War Department's objection to selling four sections of the reservation is that it is the intention at no distant date to re-establish a post at Fort Reno larger than any that has ever been stationed at this fort.

ROOSEVELT TACKLED BY BEAL OF TEXAS.

Power Usurpation, Enforced by Wielding Big Stick is Charged.

Washington, March 26.—Charging that the President had flagrantly usurped the powers given him by the Constitution, and had repeatedly attempted to influence the judiciary, Mr. Beal of Texas, in the house today severely arraigned the chief executive. He credited the President with having appointed three judges of the Supreme Court of the United States and a majority of the United States Circuit and District Judges. "Drawing their source of authority from him," he declared, "and holding their commissions from him, he stands in a position to wield a powerful influence upon them, though they are the representatives of a distinct department of the government. The President," he charged, "was not content with the exercise of the same power exercised by Washington, Jefferson, Jackson, Lincoln, Grant and McKinley, but in his overpowering ambition, reaches out with eager hand and exercises powers not dreamed of by them. "Where does he get his authority?" Mr. Beal demanded to know. "How does he justify his action?"

The President, he said, made two defenses. One was that was an inherent power belonging to all sovereignties apart from any power conferred by the Constitution; the other was that through judicial interpretation there must be vested in a Federal government a power to do things it had not possessed before.

The President was denounced for insisting on a jail sentence for Robert N. Harper, a druggist of this city, convicted of violating the pure food and drugs act, while the sentence was still ending.

As regards the case of Judge Wilfley, he said the President had insulted the legislative branch of the government by writing a letter to the judiciary committee while the case was still under discussion, declaring Judge Wilfley innocent of the charges against him. "That letter," he explained, "was simply the holding of the big stick over that committee and the membership of the house."

Choice of Ledbetter Endorsed.

Guthrie, Ok., March 26.—Members of the Oklahoma Anti-Saloon League are elated over the election of "Bud" Ledbetter as chief of police at Muskogee. Ledbetter was on the Democratic ticket and one of the two who got through. Prior to Statehood he was deputy United States marshal in the Muskogee district and gained quite a reputation as a "booze buster." The League members are of the opinion the prohibition law will be rigidly enforced there.

Bailey Leaves St. Louis.

St. Louis, Mo., March 26.—United States Senator Joseph Bailey of Texas, passed through St. Louis today on his way to Texas to be present at the convention in Fort Worth Saturday when candidates friendly to Bailey will be nominated as delegates at large to the National pose in a primary election those nominated on an anti-Bailey platform at Waco recently. Bailey said that he was busy to discuss politics. He left tonight on the Missouri, Kansas and Texas railroad.

The News a Union Shop.

A good fellowship meeting of the Ada News printing force, both of the mechanical and editorial departments, occurred last night in the News office rooms. There was had a general talk concerning the mutual welfare of both employer and employees. It was gratifying to note the expressions of pleasure from the boys who turn out the work that the News earning capacity was rapidly increasing and that the Ada News printery was regularly receiving printing patronage from various counties over the State.

The News printers, under the recommendation of the editor, voted to reorganize the typographical union in Ada, which was compelled to give up its charter some time ago on account of being unable to sustain the required membership.

The Leading Druggists.

Published as second-class mail matter March 26, 1904, at the postoffice at Ada, Oklahoma, under the act of Congress March 3, 1879.

Notice Voters.
You get full information as to where you vote, and who is to conduct the election, in the proclamation which appears in this paper. Read it and give Ada a lift tomorrow by voting that she become a city of the First Class.

BY 550 MAJORITY.
About 615 voters on the 17th inst. agreed to support those candidates whose names appear under the rooster, and since there are not more than 550 Socialist voters in the city, the rooster ticket should receive a clean majority of 550. Do not fail to vote.

Easy to Vote.
You can vote tomorrow in just five seconds. Just stamp each ticket one time. Let it be understood that there will be two ballots. On one you vote for the officers, on another you vote on whether or not Ada is to be a city of the first-class. Stamp in the circle under the rooster and you have voted it straight. Stamp in the square opposite the word "Yes" and you vote for Ada becoming a city of the first-class.

Enemies of Progress.
It has been rumored that there is being organized an effort to defeat the proposition of Ada being voted a city of the first-class at the polls tomorrow. This can only be accomplished by the thrifty, industrious town boosters staying away from the polls. It would be a reproach to our people should there fail to appear a strong sentiment in favor of a first-class city on tomorrow. Vote early before you get busy. Tell your neighbor to vote too.

Strangers Within our Gates

Every immigrant is in need of the friendly word of assurance, if nothing more. But the tragedies which are daily enacted there give the warm opportunity to be an angel of mercy. These pictures for a master's brush. Take that big-eyed, sweet-faced Swedish mother, whom I saw standing at the entrance to the woman's apartment. Her children clung about her dress, but her husband was not near. Perhaps he had been sent to the detention pen for deportation; perhaps he had failed to arrive. Whatever the reason, terror filled her eyes, and her gentle face was drawn in agony, as she leaned upon the little Baptist woman who spoke her own tongue, and was to her God's own angel. In that busy spot there was one with leisure and skill to befriend the friendless.

Services such as these fill the days of the Ellis Island missionaries. They speak most of the tongues in this modern Babel. Often they have opportunity for nothing but the giving of a greeting, a tract or a Bible, in the speech of the fatherland. Frequently, though, they can introduce the stranger to the friendly offices of some minister or church worker at the destination to which she is bound. The aim is not only to show kindness to the immigrant and to give him a Christian welcome but also, as far as possible, to keep the shaping, guiding hand of religion, and, if possible, his own church, upon him in the new home which he is entering. —New York Sun.

Towns Seek Institutions.
Guthrie, Ok., March 26.—At the meeting of the house and senate committees on public buildings held last night, representatives from Tahlequah, Wilburton, Hartshorne, Duncan, Vinita and Wetumka appeared and applied for a State Normal school to be located in their towns. Vinita and Wetumka were willing to take other institutions if they could not get Normals. All of the places except Tahlequah offered the State building sites. Tahlequah has a building erected by the Cherokee Nation at a cost of \$80,000, which it proposes to sell to the State for \$50,000. The next meeting will be tomorrow night.

Money for Choctaws.
McAlester, Ok., March 26.—This was the last day of the government payment to the Choctaw Indians. Nearly \$100,000 was disbursed in three days. The largest single payment was \$6,000 to John Mitchell, an Indian.

Guthrie, Ok., March 26.—Robert E. Lozier of Blackwell, was today named by Governor Haskell as superintendent of the State agencies for the sale of intoxicating liquors as authorized under the Billups bill signed Tuesday afternoon. Mr. Lozier gave bond in the sum of \$25,000. The State was divided into four inspection districts and these were appointed inspectors and auditors:

No Use to Die.
"I have found out that there is no use to die of lung trouble as long as you can get Dr. King's New Discovery," says Mrs. J. P. White of Rushboro, Pa. "I would not be alive today only for that wonderful medicine. It loosens up a cough quicker than anything else, and cures lung disease even after the case is pronounced hopeless."

NEWS FROM GUTHRIE

ANTI-TRUST BILL PASSED BY SENATE.

MEASURE CARRIES DEFINITION IN SHERMAN ACT

Addition Reads "Every Agreement or Act Which is Against Public Policy."

Guthrie, March 26.—The senate passed finally three important measures today: An anti-trust bill, a bill for mandatory primaries for all political parties and the medical practice bill by Senator Williams.

The anti-trust bill carries the trust definition found in the Sherman anti-trust act, to which was added that monopolies were "every agreement or act which is against public policy." The revised definition is based upon the decision of Justice Brewer in the northern securities case where a distinction was drawn between reasonable and unreasonable combinations. As the bill makes it unlawful to combine with the intent or effect to limit or fix the price or lessen the production or sale of any product or article of commerce, some of the farmer members of the senate were fearful that the Farmers' union would be put out of business. The union, they said, sometimes sought to have products held for an advantageous market. It was explained that so long as they were not against public policy, they were in no danger of violating the act, and that it would be an extraordinary situation where farmer and labor unions, incapable of monopolizing a commodity, could form a trust.

Any person violating the act or advising violations may be punished by a fine from \$50 to \$10,000 and by imprisonment from ten days to ten years.

On final passage the bill received a vote of 41 ayes, 0 noes. The mandatory primary election bill was passed after an amendment was adopted providing that newspapers accepting political advertising shall be required to place at the top of such article the name of the person, corporation or firm ordering the advertising and the price paid for it. Violation of this is a misdemeanor. The amendments by Senator Stafford that the maximum allowances for candidates to spend in elections should not include newspaper advertising was defeated.

Final passage was obtained upon the medical practice bill. The bill provides a tax upon peddlers of \$50 per county, per year, and requires all physicians practicing in Oklahoma to have a diploma from a reputable school of medicine.

The house killed the fish bill and game bill upon which it had worked for three days by a vote of 46 to 44. It passed finally the bill appropriating \$12,500 to pay for printing the general election supplies of last year.

May Restore Fort Reno.

El Reno, Ok., March 26.—The latest unofficial news regarding the location of the capital of the State of Oklahoma on the Fort Reno reservation is that the War Department does not look with favor on the proposition. A citizen of El Reno has recently received a letter from the authorities at Washington to that effect, and although the letter does not say in so many words, it infers that the War Department's objection to selling four sections of the reservation is that it is the intention at no distant date to re-establish a post at Fort Reno larger than any that has ever been stationed at this fort.

ROOSEVELT TACKLED BY BEAL OF TEXAS.

Power Usurpation, Enforced by Wielding Big Stick is Charged.

Washington, March 26.—Charging that the President had flagrantly usurped the powers given him by the Constitution, and had repeatedly attempted to influence the judiciary, Mr. Beal of Texas, in the house today severely arraigned the chief executive. He credited the President with having appointed three judges of the Supreme Court of the United States and a majority of the United States Circuit and District Judges. "Drawing their source of authority from him," he declared, "and holding their commissions from him, he stands in a position to wield a powerful influence upon them, though they are the representatives of a distinct department of the government. The President," he charged, "was not content with the exercise of the same power exercised by Washington, Jefferson, Jackson, Lincoln, Grant and McKinley, but in his overpowering ambition, reaches out with eager hand and exercises powers not dreamed of by them."

"Where does he get his authority?" Mr. Beal demanded to know. "How does he justify his action?"

The President, he said, made two defenses. One was that was an inherent power belonging to all sovereignties apart from any power conferred by the Constitution; the other was that through judicial interpretation there must be vested in a Federal government a power to do things it had not possessed before.

The President was denounced for insisting on a jail sentence for Robert N. Harper, a druggist of this city, convicted of violating the pure food and drugs act, while the sentence was still ending.

As regards the case of Judge Wilfley, he said the President had insulted the legislative branch of the government by writing a letter to the judiciary committee while the case was still under discussion, declaring Judge Wilfley innocent of the charges against him. "That letter," he explained, "was simply the holding of the big stick over that committee and the membership of the house."

Choice of Ledbetter Endorsed.

Guthrie, Ok., March 26.—Members of the Oklahoma Anti-Saloon League are elated over the election of "Bud" Ledbetter as chief of police at Muskogee. Ledbetter was on the Democratic ticket and one of the two who got through. Prior to Statehood he was deputy United States marshal in the Muskogee district and gained quite a reputation as a "booze buster." The League members are of the opinion the prohibition law will be rigidly enforced there.

Bailey Leaves St. Louis.

St. Louis, Mo., March 26.—United States Senator Joseph Bailey of Texas, passed through St. Louis today on his way to Texas to be present at the convention in Fort Worth Saturday when candidates friendly to Bailey will be nominated as delegates at large to the National party in a primary election those nominated on an anti-Bailey platform at Waco recently. Bailey said that he was busy to discuss politics. He left tonight on the Missouri, Kansas and Texas railroad.

The News a Union Shop.

A good fellowship meeting of the Ada News printing force, both of the mechanical and editorial departments, occurred last night in the News office rooms. There was had a general talk concerning the mutual welfare of both employer and employees. It was gratifying to note the expressions of pleasure from the boys who turn out the work that the News earning capacity was rapidly increasing and that the Ada News printery was regularly receiving printing patronage from various counties over the State.

The News printers, under the recommendation of the editor, voted to reorganize the typographical union in Ada, which was compelled to give up its charter some time ago on account of being unable to sustain the required membership.

Entered as second-class mail matter March 25, 1904, at the postoffice at Ada, Oklahoma, under the act of Congress March 3, 1879.

Notice Voters. You get full information as to where you vote, and who is to conduct the election, in the proclamation which appears in this paper. Read it and give Ada a lift tomorrow by voting that she become a city of the first class.

BY 550 MAJORITY. About 615 voters on the 17th inst. agreed to support those candidates whose names appear under the rooster, and since there are not more than 50 Socialist voters in the city, the rooster ticket should receive a clean majority of 550. Do not fail to vote.

Easy to Vote. You can vote tomorrow in just five seconds. Just stamp each ticket one time. Let it be understood that there will be two ballots. On one you vote for the officers, on another you vote on whether or not Ada is to be a city of the first class. Stamp in the circle under the rooster and you have voted it straight. Stamp in the square opposite the word "Yes" and you vote for Ada becoming a city of the first class.

Enemies of Progress. It has been rumored that there is being organized an effort to defeat the proposition of Ada being voted a city of the first class at the polls tomorrow. This can only be accomplished by the thrifty, industrious town boosters staying away from the polls. It would be a reproach to our people should there fail to appear a strong sentiment in favor of a first-class city on tomorrow. Vote early before you get busy. Tell your neighbor to vote too.

Strangers Within our Gates

Every immigrant is in need of the friendly word of assurance, if nothing more. But the tragedies which are daily enacted there give the warm opportunity to be an angel of mercy. These pictures for a master's brush. Take that big-eyed, sweet-faced Swedish mother, whom I saw standing at the entrance to the woman's apartment. Her children clung about her dress, but her husband was not near. Perhaps he had been sent to the detention pen for deportation; perhaps he had failed to arrive. Whatever the reason, terror filled her eyes, and her gentle face was drawn in agony, as she leaned upon the little Baptist woman who spoke her own tongue, and was to her God's own angel. In that busy spot there was one with leisure and skill to befriend the friendless.

Services such as these fill the days of the Ellis Island missionaries. They speak most of the tongues in this modern Babel. Often they have opportunity for nothing but the giving of a greeting, a tract or a Bible, in the speech of the fatherland. Frequently, though, they can introduce the stranger to the friendly offices of some minister or church worker at the destina-

tion to which she is bound. The aim is not only to show kindness to the immigrant and to give him a Christian welcome but also, as far as possible, to keep the shaping, guiding hand of religion, and, if possible, his own church, upon him in the new home which he is entering. —New York Sun.

Towns Seek Institutions. Guthrie, Ok., March 26.—At the meeting of the house and senate committees on public buildings held last night, representatives from Tahlequah, Wilburton, Hartshorne, Duncan, Vinita and Wetumka appeared and applied for a State Normal school to be located in their towns. Vinita and Wetumka were willing to take other institutions if they could not get Normals. All of the places except Tahlequah offered the State building sites. Tahlequah has a building erected by the Cherokee Nation at a cost of \$80,000, which it proposes to sell to the State for \$50,000. The next meeting will be tomorrow night.

Money for Choctaws. McAlester, Ok., March 26.—This was the last day of the government payment to the Choctaw Indians. Nearly \$100,000 was disbursed in three days. The largest single payment was \$6,000 to John Mitchell, an Indian.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

Weak Kidneys

Weak Kidneys, usually point to weak Kidney Nerves. The Kidneys, like the Heart, and the Lungs, are the most important organs in the human body. They are the great filters of the blood, and if they become weak, the blood becomes impure, and the whole system suffers. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well. If your back aches or is weak, if the urine is cloudy, or if you have a burning or itching in the bladder, or if you have a general feeling of weakness, try Dr. Shoop's Restorative. It will cure you. Druggists recommend and sell.

I have recently installed a

Bowser Self Measuring

Air-Tight Gasoline Tank

Which absolutely PRESERVES THE GRAVITY of the gasoline, thereby giving it greater strength and power. There was never better or more complete arrangements for properly handling gasoline in Ada. I will always keep a full supply.
